PROFESSIONAL SUMMARY

Highly motivated and skilled Front-End Developer with a strong focus on creating responsive, visually appealing, and user-friendly web applications. Proficient in front-end technologies such as React, JavaScript, HTML5, and CSS3, with experience in developing custom, reusable components and optimizing web performance. Adept at translating client requirements into engaging digital experiences and collaborating with cross-functional teams. Seeking a challenging position to contribute my expertise while continuously learning and growing in the field.

EDUCATION

Computer Science and Artificial Intelligence Helwan University | Oct 2021 – July 2025

- Cumulative grade: Very Good | GPA: 3

PROJECTS

To-Do List App

- Built a simple To-Do List application using React.js, Bootstrap, and Context API for state management.
- Implemented React Router for navigation and dynamic rendering for a seamless user experience.

Leon Agency Website

- Designed and developed a responsive website for a creative agency using HTML5, CSS3.
- Focused on clean UI/UX design and ensured compatibility across all devices.

Quiz App

- Built an interactive Quiz App using React.js, Tailwind CSS, and JSON Server.
- Used `useReducer` for state management and added real-time score tracking, countdown timer, and progress bar.

SKILLS

Programming Languages: HTML, CSS, JavaScript, React.js, Redux, SQL (MySQL, SQL Server)

Frameworks & Tools: Bootstrap, RESTful APIs, Git, GitHub, Docker

Concepts: Data Structures, Algorithms, OOP, Design Patterns, Functional Programming

Soft Skills: Teamwork, Time Management, Problem-Solving, Effective Communication, Adaptability

VOLUNTEERING

Technical Mentor / Instructor

IEEE FCAIH | Cairo | Oct 2024 – Present

- Guided students in learning front-end development and problem-solving techniques.
- Conducted workshops on React.js and modern web development practices.
